

Madrid on the 20<sup>th</sup> of August 2020

REF. MV UML VERONICA 13/20 / MAS EXTRA LOADER

Dear Valued Customers,

As a result of COVID-19 pandemic, some of the ports calls in our MAS container service are suffering a heavy congestion that, regretfully, is affecting the integrity of the schedule.

In order to mitigate the consequences of those delays, and specially to avoid any disruption in the supply chain to Equatorial Guinea, MARGUISA will deploy the vessel UML VERONICA as **extra loader**.

UML VERONICA will call Valencia on 1<sup>st</sup> September and Bata on 17<sup>th</sup> September 2020 and will perform, under the voyage number 13/20, an express sailing to connect Valencia and Bata.

This vessel is exclusively operated by MARGUISA and states our firm commitment in delivering the best service to our customers.

Yours sincerely,

MARGUISA SHIPPING LINES S.L
